

Four-stroke marine systems

L23/30H Mk 3

Marine GenSet

Benefits at a glance

- Design based on L23/30H
- Enlarged power range, from 500kW – 1,800kW
- Higher power output per cylinder
- Reduced fuel oil consumption
- Longest time between overhaul in class (TBO)
- Con-rods in marine-head-design
- Two-part pistons
- Fast and easy installation with “plug and play”
