Supplementary clause 5A – Regulations

Products and Services supplied shall be in accordance with first class engineering practice and all applicable standards and regulations. Furthermore, such Products and Services shall be in accordance with such other regulations as stipulated in the Contract and shall be delivered with all instructions necessary for proper and safe operation.

Supplementary clause 9A – Inspections

The Purchaser shall be entitled for his own account to have the quality of the manufacture of the Products and the performance of the Services inspected by his authorised representatives. Such inspection shall be carried out at the place of manufacture during normal working hours according to agreement with the Supplier as to date and time. Add to clause 10:

Where no indication is given in the Contract of the trade term applicable, the Product shall be deemed to have been sold on "CIP" terms.

Time for delivery. Delay

Replace clause 13 by the following:

If delay in delivery is caused by any of the circumstances mentioned in Clause 41, by an act or omission on the part of the Purchaser, including suspension under Clauses 21 and 44, the Supplier shall be entitled to extend the time for delivery by a period which is necessary having regard to all the circumstances of the case. This provision shall apply regardless of whether the reason for the delay occurs before or after the agreed time for delivery.

The Purchaser shall then be entitled to compensation for his loss, costs and damages up to a maximum of 15 per cent of the purchase price.

Replace clause 39 by the following:
