# **Turbocharger** service solutions

Your trusted partner  
in performance and  
uptime

# From hero to hero

A partnership  
of equals

Everllence enables its partners  
to create and achieve sustainable  
value in transitioning towards a  
carbon-neutral future.

By addressing tomorrow's challenges within  
the marine, energy and industrial sectors, step  
by step we improve efficiency and performance  
at a systemic level.

Our planet and our partners need solutions.  
Leading the way in advanced engineering  
for more than 250 years, we provide a unique  
portfolio of technologies.

Headquartered in Germany, Everllence employs  
some 14,000 people at over 120 sites globally.  
A company advancing in tune with what the  
world really needs.

## Only

Everllence is the world's only  
manufacturer of turbocharger and  
two-stroke and four-stroke engines.

## 1<sup>st</sup>

First development of a turbocharger  
for Diesel engines in 1934.

## 60,000

Everllence PrimeServ manages  
more than 60,000 turbochargers.

## 300

Everllence Turbochargers boost  
engine efficiency by more than 300%.

## 20

Everllence Turbochargers and  
Engines have a lifespan of over  
20 years.

# A partnership with benefits

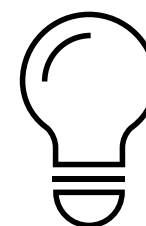

A win-win partnership

With more than 1,800 turbochargers being managed with Long Term Service Agreements, we prove that our tailor-made maintenance concepts are an essential customer tool to ensure a comfortable, trouble-free and smooth handling of your turbocharger fleet.

## Global partnership

- **Your partner at the HQ**  
A contract manager as a partner for all turbocharger issues and as a single point of contact
- **Network of partners all around the world**  
More than 100 worldwide service centers completely owned by Everllence as well as ISO certified as your partner on site
- **Sharing is caring**  
Knowledge sharing through steady OEM know-how transfer
- **Trust**  
Extended warranty and extended service intervals for our loyal LTSA customers
- **Customer loyalty**  
More than 90% of our LTSA customers extend their agreements

## Ease of business

- **Optimization**  
Assistance in optimized use of contract benefits, discounts and payment conditions
- **Hassle-free**  
We plan and coordinate service on your behalf within the Everllence PrimeServ network. This includes tracking and monitoring your turbochargers
- **Easy budgeting**  
We offer predefined maintenance kits including the spare part logistics for easy planning & budgeting
- **Easy processing**  
Enjoy the benefit of only one invoicing party regarding all turbocharger services for easy processing

## Technical competence

- **Priority**  
Delight in prioritized access to technical support for trouble shooting and spare part identification
- **Document storage**  
We monitor and archive service reports on your behalf
- **Always up to date**  
Prioritized access to technical updates
- **Saving resources**  
Condition based maintenance instead of resource wasting unreflected lump-sum exchange of parts

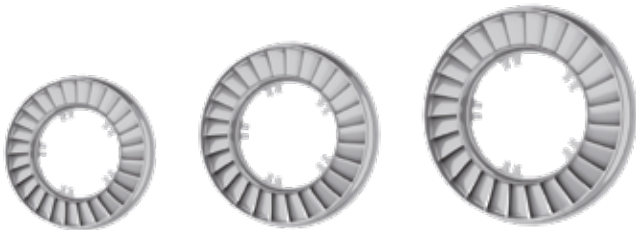

With our wide ranging service solutions, we offer the ideal setting to live and implement Everllence family way. Our Service Solutions cover parts, field service and logistics for planned maintenance which can easily be optimized with extended service options to meet your specific needs.

Whether you are just looking for a spare part agreement (primary), a service agreement (proactive) or an all-inclusive service agreement (preventive) we have the perfect fit for you. Our exhaust gas treatment solutions such as ETB and SCR as well as our club concepts all compliment our wide-ranged service portfolio.
