

S.E.M.T. Pielstick

SaCoS

for S.E.M.T. Pielstick engines

Enhance your Pielstick engines with SaCoS Retrofit.

Description

SaCoS means **S**afety **C**ontrol **S**ystem. SaCoS has been developed to propose a turnkey control system solution to equip new engines and for automation retrofits. In this way, the new technologies employed give their best on our robustness S.E.M.T. Pielstick engines.

Upgrade your Pielstick engines with SaCoS and unlock a new level of efficiency, performance and experience the future of engine management.

SaCoS

for S.E.M.T. Pielstick engines

Engines

SaCoS is perfectly suitable to all S.E.M.T. Pielstick engines types.

SaCoS has been elaborated to equip new engines. In this way, the new technologies employed give their best on our robustness S.E.M.T. Pielstick engines.

Modular and evolving!

Fully modular, you compose your SaCoS automation system by choosing the functions which meet the needs of your engine.

Features and operational benefits

- **Electronic Injection Management:** Ensure precise fuel delivery for optimal combustion and enhanced engine performance.
- **Pollutant Emission Control:** Reduce harmful emissions with advanced control systems, contributing to a cleaner environment
- **Pinking Control:** Prevent engine knocking and ensure smooth, reliable operation under all conditions.
- **Engine Adaptive Control:** Adapt to varying operational demands with intelligent systems that optimize engine performance.
- **Fuel or Gas Management:** Achieve efficient handling of fuel and gases, improving overall engine efficiency and reducing operational costs.

Upgrade to SaCoS today and experience the future of engine management.

Certified Quality

- CE compliance and approval societies of classification
- Everllence OEM products
